Comments:	

The owner's declaration of agreement
A scientific use of some of the results is included by this investigation. All data will be made anonymous and thus the ID of the dog or the owner of the dog can not be inferred. Herewith, I confirm that the EDTA blood sample of the dog can be used for scientific projects and I agree on the anonymous use of the scientific data.

Date and signature of the dog's owner

The veterinarian's declaration of identity verification
I hereby confirm that the sample enclosed has been collected from the dog described above and has been marked immediately by the dog's name and it's registered number or it's chipnumber.

Date and signature of the veterinarian
